SCIENCE WEEK

We are delighted to announce that we are holding our first ever, Science week in school! From Monday 25th June, all week, we will be exploring lots of different scientific concepts and topics and will be taking part in lots of different activities, including plenty of practicals! It will be active, very messy and lots of fun! During the week, we will be joined by some very special guests who will bring science to life for us. There will be **NO MERIT ASSEMBLY ON FRIDAY 29TH JUNE**, however we would like to invite you to our celebration assembly on Friday 29th June in the afternoon at 2.45pm. Each year group will be showcasing what they have been up to and achieved during the week!

KIDS CLUB

We are now taking bookings for current and new children for Kids Club for next year. All paperwork for Kids Club bookings for next year was emailed out to current users this week. All forms are now available on the school website.

Today Y3 received their latest update all about how their adopted Guide dog Buddy is getting along with his training. They were very pleased to hear he's doing brilliantly! @guidedogs
