

## Welcome to Barkisland's Pupil Voice Bulletin.

This academic year we changed pupil voice so every child can be part of the initiative and that their voice is heard in school!. This bulletin will showcase the positive change children have had around school using their voice.

### Saving the Environment

- Children said that there was many lights left on in school throughout the day. Pupil voice introduced 'Barki Sparki' monitors in each class so they turned the lights off when they were not being used.
- Children discussed that they missed playing with the bug hotel during playtimes. Pupil Voice organised Mr Ashworth to make a new one so all children can enjoy a new bug hotel.

### Health and Safety

- Children noticed that snacks were not as healthy as they could be. Pupil Voice created healthy snack posters and put them up around school to remind children to bring in healthy snacks at break times.
- Children noted that classrooms cloakrooms were not consistently tidy. Pupil Voice introduced classroom monitors so designated children were responsible for keeping their classrooms cloakroom tidy.

### What makes our school special as a church school?

- Children said that they would like to decorate Church for special events. Pupil voice discussed with classes that they can create art-work for harvest, Christmas and Easter to be put around the church.
- Children said that they wanted more church trips. Pupil voice discussed with teachers that can they fit this in with the curriculum.

THANK YOU TO EVERYONE WHO CONTRIBUTED  
MANY OF YOUR IDEAS ARE ALREADY  
MAKING A DIFFERENCE,  
WHILE OTHERS WILL BE COMING SOON!

Barkisland CE (VA) Primary School  
WE BELIEVE, WE NURTURE, WE SUCCEED!
