Put on Safe Search settings in Google

Firstly, you need to have a Google account. If you do not have one, then go to <u>https://accounts.google.com/NewAccount</u>. If you have an account then log in.

Go to Google home page and click on iGoogle

Your iGoogle page will look similar to this. Now click on the settings icon

When you click on this, you will see a menu. Click on search settings.

You will now be presented with a number of options.

Filters

Move the bar to put the level of filtering you want on SafeSearch. Don't forget to click on 'Lock SafeSearch' (you will need your Google account password to lock this).

SafeSearch Filters
